

NOTHING ELSE CURES.

Why Paine's Celery Compound is the Best Remedy in the World.

"When everything else has failed, Paine's celery compound has brought me back to health."

The thousands of instances where this has been said—the scores of people in every community who have told this simple story; the downright, hard, cold facts; the grateful acknowledgments of men and women who have suffered from the diseases that have the origin in impaired nervous system and sluggish, impure blood—these are what have made Paine's celery compound far and away the one remedy above all others that physicians prescribe and the public endorse.

It is by merit, and merit alone that Paine's celery compound has achieved its wonderful pre-eminence, not only in this country but throughout the civilized world.

After the unfortunate person who is ailing because the blood needs new life, and the nerves require nature's food, finally tries Paine's celery compound, and gets immediate relief, another is added to the great multitude of people whose praise of this remedy has made the demand for it many times larger than that of all other remedies put together.

A person must have lost all confidence in his fellowmen who can read the following letter and not be convinced of the great benefit Paine's celery compound has done, is doing, and will continue to do for sick and nervous people wherever it finds them.

When a sick man or woman finds that he or she has taken a remedy that has actually done for him or her all that is claimed for it—it can be safely predicted what will follow. Every acquaintance, sick or well, will be told about it.

Gen. Rodriguez has written down his experience in the hope of helping others who may be so afflicted. The General is today connected with the

civil government of Havana. During the struggle for Cuban Independence he rose from the ranks to the grade of brigadier-general, and in 1896 won a decisive victory over Gen. Campos. Gen. Rodriguez was a very sick man. He was as near nervous prostration as one can be and live. After five years' suffering his first good night's sleep came immediately upon his taking Paine's celery compound. His letter reads:

"Dear Sir: For five years I had not had a good night's rest. I had a serious case of nervous prostration, my strength seemed to be leaving me, and I felt tired and weak all the time. My blood was impure and I suffered from pains in the back, constipation, and an inactive liver. I had no appetite and no ambition. I was constantly consulting physicians, and it seemed as though I was nearly ready to die. Providence sent me a bottle of Paine's celery compound, and this great remedy cured me of all the irritable symptoms with which I was afflicted. I can frankly and sincerely say that had it not been for Paine's celery compound, I would today be either in the cemetery or in the insane asylum. Among the many prominent people who testify to the virtues of Paine's celery compound are Santiago Rodriguez, M. D.; J. M. Bracho, Edwardo de la Torre, Porfirio Masvidal, E. F. Gato, O. E. Pineda, Pedro Herrera y Hermanos A. Rincon, Andres Angulo, Aurelio de Varona Quesada. Very truly yours, "GEN. J. M. RODRIGUEZ."

No remedy ever had the outspoken approval of men so highly esteemed in business and professional life. No remedy ever deserved so well of people in the ordinary walks of life, and none ever got such instant recognition from the discerning public. Its success has been confined to no class of society.

HAVE YOU ANY OF THESE

Symptoms of a Very Common Trouble?

There is no disease so common in the United States as catarrh because it appears in so many forms and attacks so many different organs.

It is a common mistake to suppose that catarrh is confined to the nose and throat. Any inflammation of the mucous membrane wherever located accompanied by abnormal secretions, is catarrh. Catarrh of stomach or bladder, or intestines is nearly as common as nasal catarrh and much more serious although it is true that stomach catarrh and catarrh of other internal organs is the result of neglected nasal catarrh.

A new remedy has recently appeared which so far as tested seems to be remarkably effective in promptly curing catarrh, wherever located. The preparation is sold by druggists generally under name of Stuart's Catarrh Tablets, and in addition to being very palatable and convenient, possesses extraordinary merit in many cases giving immediate relief from the coughing, hawking and constant clearing of the throat and head, those symptoms with which everyone is familiar who has ever suffered from colds in the head and throat.

Catarrh is simply a continuation of these symptoms until the trouble becomes chronic and grows gradually worse from year to year.

Stuart's Catarrh Tablets are composed of Hydrastin, Eucalyptol, Gualacol and similar antiseptics and catarrh specifics, from which it will be seen that no secret is made of the ingredients and also that no mineral poisons are used, as is the case with many well known catarrh medicines.

For catarrh of the nose, throat, bronchial tubes, for catarrh of stomach, intestines of bladder no preparation is so safe and gives such rapid and permanent results as Stuart's Catarrh Tablets.

All druggists sell them at 50c, for full sized package. You can use them with assurance that you will not contract cocaine or morphine habit as the results from this catarrh cure are apparent from the first day's use.
